#### *Highest Position of Finish*

In the stages of selection that follow there are several clauses that refer to "the Canadian crew with the *highest position of finish*" in a World Championship event. This selection will only be applicable in an event where at least one Canadian crew qualifies for a Final (A, B, C) under ICF Canoe Sprint Competition Rules. If neither crew qualifies for a Final at the 2020 Para Canoe World Championships (i.e. crews only advance to a semi-final) then the selection will be determined by a race-off. Note: At the 2020 Senior World Para Canoe Championships where there are 18 or fewer crews entered the semi-final will be deemed as the B Final.

*Invited Athletes*

Athletes that the National Discipline Coach (NDC), with the approval of the Chief Technical Officer (CTO) are deemed to enhance the training group or in the opinion of the NDC have the potential to be selected to the 2020 Para Canoe World Championships.

*Paralympic Games Technical Meeting*

The *Paralympic Team Assessment Pool* includes those crews selected to the *2020 Paralympic World Championships* as part of the selection process for nomination to the Tokyo 2020 Paralympic Team. For details please refer to Part 2 of this selection document.

*Performance Assessment*

Where required in the criteria below a *Performance Assessment* will be conducted at PTT to determine the crews that will be nominated to the 2020 World Para Canoe Championships in non-qualified events. The intent of this *Performance Assessment* is to ensure that the selection is consistent with the performance objectives of CKC-SRD. That is, the potential to achieve an A Final performance at the Paralympic Games. To be selected a crew must demonstrate the potential to achieve a Top 16 result at the 2020 Para Canoe World Championships.

Factors that may be considered when assessing the quality of performance can include but are not limited to:

- Position of finish
- % time differential from the GMT (see Appendix A)

- % time differential from the AFT (see Appendix A)
- % time differential from the winner at World Cup #2
- Depth of field
- Performance against known international performers (e.g. medalists, 2019 Olympic Qualifiers, etc.)
- Exceptional Circumstances

These factors are in no particular order and one or more may be used to either support or dismiss a selection. Other factors not listed may also be considered.

In the stages of selection that follow there are several clauses that refer to a *Podium Crew*. A *Podium Crew* includes those athletes who achieve a podium performance in a Paralympic event at the 2019 Para Canoe World Championships. For details please refer to Part 2 of this selection document.

## **C. Purpose**

The purpose of this document is to describe the procedures and criteria that will be used by Canoe Kayak Canada (CKC-SRD) to nominate athletes to the CPC for inclusion on the Tokyo 2020 Paralympic Games Team. This document is guided by the IPC Para Canoe Qualification Procedures and the requirements of the CPC for nomination to the Tokyo 2020 Paralympic Games Team.

## **F. Authority for Selection and at Games Decisions**

1. The CTO is responsible for the implementation of the procedures and criteria in this document.
2. The HPC is responsible for ensuring these criteria are in alignment with the overarching purposes noted in the selection criteria, along with any CKC-SRD and CPC policies.
3. The CKC-SRD, in collaboration with the CPC may produce an addendum to the INP to clarify the terms of the INP or to address other issues which may have been overlooked initially or have unexpectedly arisen. However, only in the event that both the CPC and the CKC-SRD agree on a change will any change be made to the INP. All changes must be approved by both the NSF and the CPC to be effective. Athletes will be informed by the CKC-SRD of any changes thusly made to the INP.
4. In making nominations to the CPC for selection to the Tokyo 2020 Paralympic Games Team the CTO will have the final selection authority for CKC-SRD.
5. After the submission of athletes to the CPC on or before **July 29, 2020** for inclusion on the 2020 Paralympic Team the decision-making authority will reside with the CTO or his designate. This includes entries, representation, and all matters pertaining to the CKC-SRD team representing Canada at the Tokyo 2020 Paralympic Games.

## **G. Exceptional Circumstances**

1. These criteria are intended to apply where fair racing conditions exist, and specifically, where no athletes are prevented from racing because of exceptional circumstances. Situations may arise where unforeseen circumstances or circumstances beyond CKC-SRD's control do not allow racing or team/crew selection to take place in a fair manner or in the best interests of the priorities and

general principles for selection as indicated in these criteria; or do not allow the procedure for nomination as described in this document to be applied. Exceptional circumstances only apply to situations that occur in advance of or during the relevant element of the selection process.

1.1 An example could include lost equipment by an airline enroute to a selection competition.

2. In the event of such unforeseen circumstances the CTO will, where possible, consult with the NDC and the HPC to determine if the circumstances justify racing or selection should take place in an alternative manner.

## **H. Athlete Injury or Illness**

1. The basic philosophy for selecting an athlete by granting an injury or illness request is that, all things being equal, the athlete nominated has clearly demonstrated superior performances in previous competition to other athletes being considered for a Paralympic Team nomination.
2. If, because of physical or psychological injury or illness an athlete is unable to meet any of the requirements in this selection procedure, that athlete may still be considered for the *2019 Para Canoe World Championships*, *2020 Para Canoe World Championships* and the *Paralympic Games* if he/she advises the CTO in writing of such illness or injury and provides a medical certificate of diagnosis of the injury or illness along with a prognosis for recovery.
3. The HPC must approve any request to forego the relevant requirement in this selection procedure.
4. This clause does not apply to any assessment of the athlete either in training or competition prior to notice of the injury or illness.

5. An injury or illness request is considered as the last means by which an athlete can earn selection and is intended to provide for exceptional circumstances outside the normal selection criteria rather than being part of the normal means by which an athlete can earn selection.

## **I. Athlete Replacement Policy**

1. All potential replacement athletes must be submitted along with our Paralympic Team nominations to the CPC by **July 29, 2020** to be registered as replacement athletes.
2. Where an athlete who has been nominated to the CPC is unable to participate due to a physical or psychological injury or illness and this injury or illness occurs after the submission of nominations to the CPC on or before **July 29, 2020** and before the Paralympic Games Para Canoe Technical Meeting, a replacement athlete if required, will be nominated from the replacement list to the CPC for membership on the *Tokyo 2020 Paralympic Games* according to the following criteria:
  - 2.1. For all events, the CTO in consultation with the NDC will identify a replacement list at OTT and will nominate the athlete who in their expert opinion will ensure the greatest performance potential at the Paralympic Games is realized. In addition to the factors identified in the *Performance Assessment* defined in section B above.
  - 2.2. The HPC must approve all replacement athletes nominated to the CPC.

## **J. Entries**

Final entries at the *Paralympic Games Technical Meeting* will be approved by the CTO in consultation with the NDC.

**CANOE KAYAK  
CANADA**

**It's Who We Are.  
C'est Notre Nature.**

## **K. Appeals**

Nominations to the CPC under these selection criteria to the Tokyo 2020 Paralympic Games Team may be appealed under the Appeal Policy of CKC-SRD. Appeals are restricted to those Athletes who have fulfilled the eligibility requirements noted above. This policy can be found at <http://canoekayak.wpengine.com/wp-content/uploads/2014/09/Appeals-Policy.pdf>

If both parties agree, the CKC-SRD Appeal Policy may be by-passed, and the matter brought immediately before the Sport Dispute Resolution Centre of Canada (SDRCC) who will then manage the process.

## **PART 2 INTERNAL NOMINATION PROCEDURES – TOKYO 2020 PARALYMPIC GAMES**

### **A. Purpose**

The purpose of Part 2 is to describe the specific procedures and criteria that will be used by CKC-SRD to nominate Crews to the CPC that will compete at the **Tokyo 2020 Paralympic Games Team**.

### **B. General Principles for Selection**

1. All athletes must qualify for a nomination to the CPC for inclusion on the 2020 Paralympic Team on the basis of performance(s) in a Paralympic event.
2. An underlying principle is that all crews are required to achieve two wins or the *highest position of finish* two times whichever is applicable. Please see Section C for details.
3. An athlete / crew can obtain a nomination to the CPC for inclusion on the 2020 Paralympic Team through one of the following methods:
  - 3.1 Global Qualification – 2019 Para Canoe World Championships Qualifier – Nomination Process for *Podium Crews*
  - 3.2 Global Qualification – 2019 Para Canoe World Championships Qualifier – Nomination Process for Non-Podium Crews
  - 3.3 Global Qualification – 2020 Para Canoe World Championships Qualifier – Nomination Process
  - 3.4 Allocation of Unused Quotas allocated to the NOC by the ICF

4. The CTO in consultation with the NDC and the crews involved will determine the time and date of any race-off required in Section C below. Where the parties cannot agree the CTO has the final authority to determine the time and date of the race-off.
  
5. Unless additional performance assessment is required as indicated in the criteria below (for example additional quotas become available after this date, it is the intent to complete the CKC-SRD selection process on or before **June 12th, 2020**).

## **C. Specific Selection Criteria**

### **1. INTRODUCTION**

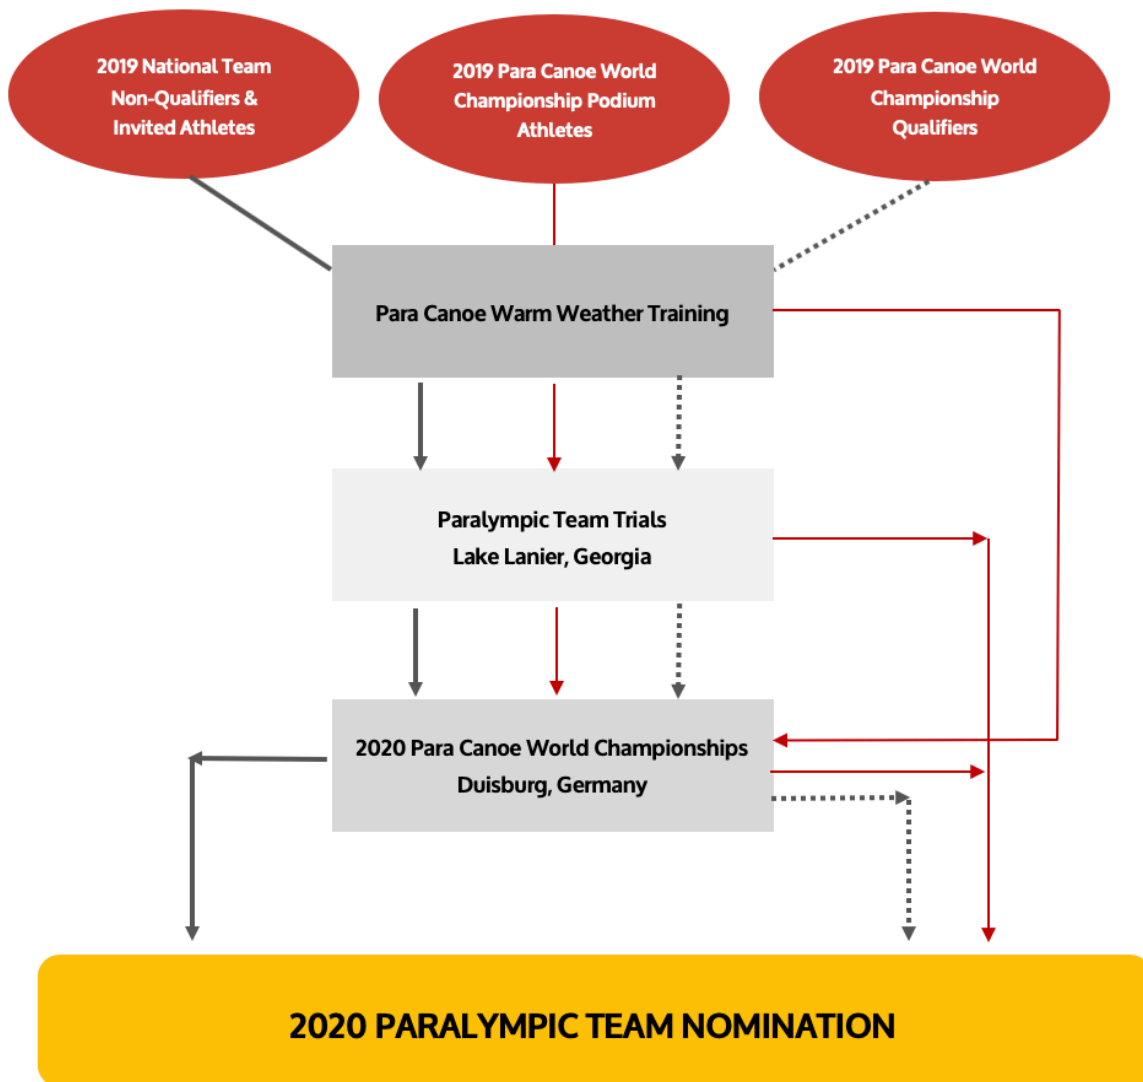

The CTO in consultation with the NDC, will recommend to the HPC those athletes that in their opinion should be nominated. The HPC shall ensure that such nominations adhere to the procedures and criteria contained within Part 2 of this selection document. The approval of all competition entries is the responsibility of the CTO

The primary objective of the National Team Program is the development of athletes to represent Canada at the highest level at the Paralympic Games. The Criteria for selection to the 2020 Paralympic Team is the culmination of an overall strategy to field the strongest possible team. Athletes who are nominated will be training to win. The performance they demonstrate in training and competition should reflect their progression toward podium results at the Paralympic Games.

**2. OVERVIEW**
