## **PART 1 SELECTION – GENERAL**

### **A. Introduction**

*It should be noted that the “Tokyo 2020 Olympic Games” have been postponed to July 23 – August 8, 2021. Despite the new dates, the Games will still be officially known and referred to in in this document as the “Tokyo 2020 Olympic Games”.*

*CKC-SRD is carefully following the evolution of coronavirus on the global and domestic level and how it may impact obtaining quota spots for the Tokyo 2020 Olympic Games and/or domestic nomination of athletes for the Tokyo 2020 Olympic Games. Unless otherwise required by exceptional and unforeseen circumstances related to the impact of the coronavirus, CKC-SRD will respect these published Internal Nomination Procedures (INP) as written.*

*However, situations related to the coronavirus pandemic may arise that require this INP to be modified. Any modifications will be made promptly and as often as required following developments that directly impact the INP. In such circumstances, any modifications will be communicated to all affected individuals as soon as possible.*

*Further, situations may arise that do not allow this INP to be modified or applied as written due to time constraints or other exceptional and unforeseen circumstances. In such situations, any decision, including nomination decisions, will be made by the individual(s) with decision-making authority, as stated in this INP, in consultation with the relevant individual(s) or committee(s) (as applicable), and in accordance with the stated performance objectives and selection philosophy and approach as stated herein. Should it be necessary to make any decision in this manner, CKC-SRD will communicate with all affected individuals as soon as possible.*

*The revised ICF Qualification System indicates that, in the event that the 2021 Continental Olympic Qualifier is cancelled, the results of the 2019 Senior World Championships will be used to allocate the Continental athlete quotas for the 2020 Tokyo Olympic Games.*

The following Tokyo 2020 Olympic Games Team Selection Criteria are guided by Canoe Kayak Canada's (CKC-SRD) overall performance objectives to medal at World Championships and Olympic Games or where an athlete or crew demonstrates the ability / potential in an Olympic event to make a top 8 result at World Championships and be progressing toward the podium at World Championships and Olympic Games.

CKC-SRD has a proud history of contributing multiple medals in each Olympic Games and current results indicate that 2021 will be no exception. CKC-SRD has a team performance objective of medaling in 2-3 events on the Tokyo 2020 Olympic Games program.

## **C. Purpose**

## **F. Authority for Selection and at Games Decisions**

1. The CTO is responsible for the implementation of the procedures and criteria in this document.
2. The High Performance Committee (HPC) is responsible for ensuring these criteria are in alignment with the overarching purposes noted in the selection criteria, along with any CKC-SRD and COC policies.

3. The CKC-SRD, in collaboration with the COC may produce an addendum to the INP to clarify the terms of the INP or to address other issues which may have been overlooked initially or have unexpectedly arisen. However, only in the event that both the COC and the CKC-SRD agree on a change will any change be made to the INP. All changes must be agreed to in writing by both the CKC-SRD and the COC to be in effect. CKC-SRD will inform athletes of any changes made to the INP.
  
4. In making nominations to the COC for selection to the Tokyo 2020 Olympic Games Team the CTO will have the final selection authority for CKC-SRD.
  
5. After the submission of athletes to the COC on or before **July 1, 2021** for inclusion on the 2020 Tokyo Olympic Team, the decision-making authority will reside with the CTO or his designate. This includes entries, representation, and all matters pertaining to the CKC-SRD team representing Canada at the Tokyo 2020 Olympic Games.

## **G. Exceptional Circumstances**

1. These criteria are intended to apply where fair racing conditions exist, and specifically, where no athletes are prevented from racing because of exceptional circumstances. Situations may arise where exceptional circumstances beyond CKC-SRD's control do not allow racing or team/crew selection to take place in a fair manner or in the best interests of the priorities and general principles for selection as indicated in these criteria; or do not allow the procedure for nomination as described in this document to be applied. Exceptional Circumstances only apply to situations that occur in advance of or during the relevant element of the selection process.

1.1 An example could include equipment lost en route to a selection competition by a transporter or the cancellation of a competition.

2. In the event of such exceptional circumstances the CTO will, where possible, consult with the NDC and the HPC to determine if the circumstances justify racing or selection should take place in an alternative manner.

## **H. Removal from a Team Once Selected**

1. The CTO (or their designate Team Lead) may, at any time, and at their discretion, disqualify an athlete from being considered for nomination to the Canadian Team based on terms outlined in the CKC-SRD Athlete Agreement. CKC-SRD will advise the affected athlete, in writing, of the decision.
2. For the Tokyo 2020 Olympic Games Team, following nomination to the COC, any such removals are subject to the approval of the COC Team Selection Committee. Reasons for dismissal include, but are not limited to:
  - Inability to maintain high training standards,
  - Inability to meet performance expectations in competition,
  - Inability to perform due to injury, illness or other medical reasons (See section I below), or
  - Violation of the terms and conditions as set out in the CKC-SRD Athlete Agreement.
3. The CTO reserves the right to withdraw an athlete from nomination:
  - If the athlete has not taken part in mandatory training camps organised by CKC-SRD prior to the event or,
  - If the athlete has not fulfilled his/her responsibilities as identified in the CKC-SRD Athlete Agreement.

4. The CKC-SRD Athlete Agreement can be found on the following page:

<https://canoekayak.ca/forms/> and the relevant policies identified as components of the Athlete Agreement can be found at <https://canoekayak.ca/policies/>

## **I. Athlete Injury or Illness**

1. The basic philosophy for selecting an athlete by granting an injury or illness request is that, all things being equal, the athlete nominated has clearly demonstrated superior performances in previous competition to other athletes being considered for an Olympic Team nomination.
2. If, because of physical or psychological injury or illness an athlete is unable to meet any of the requirements in this selection procedure, that athlete may still be considered for the *Continental Olympic Qualifier*, *World Cup Competition* and the *Tokyo 2020 Olympic Games* if he/she advises the CTO in writing of such illness or injury and provides a medical certificate of diagnosis of the injury or illness along with a prognosis for recovery.
3. The HPC must approve any request to forego the relevant requirement in this selection procedure.
4. This clause does not apply to any assessment of the athlete either in training or competition prior to notice of the injury or illness.
5. An injury or illness request is considered as the last means by which an athlete can earn selection and is intended to provide for exceptional circumstances outside the normal selection criteria rather than being part of the normal means by which an athlete can earn selection.

## **J. Athlete Replacement Policy**

1. All potential replacement athletes must be submitted along with our Olympic Team nominations to the COC by **July 1, 2021** to be registered as replacement athletes.
  
2. Where an athlete who has been nominated to the COC is unable to participate due to a physical or psychological injury or illness and this injury or illness occurs after the submission of nominations to the COC on **July 1, 2021** and before the Tokyo 2020 Olympic Games Canoe Sprint Technical Meeting, a replacement athlete if required, will be nominated from the replacement list to the COC for membership on the Tokyo 2020 Olympic Games according to the following criteria:
  - 2.1. For all events, the CTO in consultation with the NDC will identify a replacement list at OTT and will nominate the athlete who in their expert opinion will ensure the greatest performance potential at the Tokyo 2020 Olympic Games is realized. In addition to the factors identified in the *Performance Assessment* defined in section B above, consideration will also be given to the nature of the position in the crew. For example, the seat position in the K4 or the side the athlete paddles on in the C2.
  
  - 2.2 The HPC must approve all replacement athletes nominated to the COC.

## **K. Entries**

Final entries at the Tokyo 2020 Olympic Games *Technical Meeting* will be approved by the CTO in consultation with the NDC.

**CANOE KAYAK  
CANADA**

**It's Who We Are.  
C'est Notre Nature.**

## **L. Appeals**

Nominations to the COC under these selection criteria to the Tokyo 2020 Olympic Games Team may be appealed under the Appeal Policy of CKC-SRD. Appeals are restricted to those Athletes who have fulfilled the eligibility requirements noted above. This policy can be found at <https://canoekayak.ca/>

If both parties agree, the CKC-SRD Appeal Policy may be by-passed, and the matter brought immediately before the Sport Dispute Resolution Centre of Canada (SDRCC) who will then manage the process.

## **PART 2 INTERNAL NOMINATION PROCEDURES – TOKYO 2020 OLYMPIC GAMES**

### **A. Purpose**

The purpose of Part 2 is to describe the specific procedures and criteria that will be used by CKC-SRD to nominate Crews to the COC that will compete at the **Tokyo 2020 Olympic Games**.

### **B. General Principles for Selection**

1. All athletes must qualify for a nomination to the COC for inclusion on the Tokyo 2020 Olympic Team on the basis of performance(s) in an Olympic event.
2. An underlying principle is that all crews are required to achieve two wins or the *highest position of finish* two times whichever is applicable. Please see Section C for details.
3. An athlete / crew can obtain a nomination to the COC for inclusion on the Tokyo 2020 Olympic Team through one of the following methods (see Section C for details):
  - 3.1 Global Qualification - 2019 Canoe Sprint World Championships Qualifiers – Nomination Process for *Podium Crews*
  - 3.2 Global Qualification - 2019 Canoe Sprint World Championship Qualifiers – Nomination Process for Non-Podium Crews
  - 3.3 2021 Continental Qualification Nomination Process
  - 3.4 2021 Global Qualification – ICF Canoe Sprint World Cup 2 Criteria Nomination Process
  - 3.5 Allocation of Unused Quotas allocated to the NOC by the ICF
4. National Team Senior Card & Invited athletes must take part in crew boat practices as directed by the NDC and approved by the CTO.
5. All National Team crews that race K2/C2 or K4 at OTT are at the discretion of the NDC and require the approval of the CTO.

6. Events at OTT are open to all competitors.
7. Only those crews that are in the A Final in Final 1 at OTT will race in Final 2.
8. It is the intent that all race-offs, if required, will take place at OTT. The CTO has the final authority to determine the time and date of the race-off.
9. Where CKC-SRD has not achieved sufficient quotas in a specific discipline (based on quotas achieved and maximum quotas per nation as per the ICF qualification system) to nominate all crews that meet selection criteria at the conclusion of OTT (including any race-offs), the nomination in the affected events will be determined on the basis of a *Performance Assessment*.
10. Unless additional *Performance Assessment* is required as indicated in the criteria below (for example: additional quotas become available after this date), it is the intent to complete the CKC-SRD selection process on or before **June 11, 2021**.

## **C. Specific Selection Criteria**

### **1. INTRODUCTION**

The CTO in consultation with the NDC, will submit to the HPC those athletes that in their opinion should be nominated. The HPC shall ensure that such nominations adhere to the procedures and criteria contained within Part 2 of this selection document. The approval of all competition entries is the responsibility of the CTO.

The primary objective of the National Team Program is the development of athletes to represent Canada at the highest level at the Olympic Games. The Criteria for selection to the Tokyo 2020 Olympic Team is the culmination of an overall strategy to field the strongest possible team. Athletes who are nominated will be training to win. The performance they demonstrate in training and competition should reflect their progression toward podium results at the Olympic Games.

## 2. OVERVIEW

To assist athletes and coaches, an overview of the different selection pathways is provided below. This chart is only a guideline, one should review thoroughly all the criteria that are contained within this document:

\* Could be a nomination or we may have Insufficient quotas and therefore CKC must decide which athletes will be nominated based on a performance assessment.

\*\* Nomination will be based on a performance assessment that demonstrates the potential to win at the 2021|Global Qualifier. (Note: K1 and C1 only)

### **3. NOMINATION BASED ON GLOBAL QUALIFICATION – 2019 CANOE SPRINT WORLD CHAMPIONSHIPS**

#### **3.1 General**

The 2019 Canoe Sprint World Championships was the first opportunity for CKC-SRD to qualify **boats and athlete quota positions** for the Tokyo 2020 Olympic Games. However, achieving an athlete quota position at the 2019 Canoe Sprint World Championships does not in and of itself warrant a nomination to the COC for inclusion on the Tokyo 2020 Olympic Team. Athletes must satisfy criteria outlined in section 3.1 or 3.2 below and meet the eligibility requirements outlined in Part 1 of this document.

Please refer to the *Olympic Qualification System of the International Canoe Federation* which describes the procedures and criteria that crews must achieve in order to earn a quota position for the Tokyo 2020 Olympic Games.

[https://www.canoeicf.com/sites/default/files/final\\_-\\_2020\\_05\\_26\\_-\\_tokyo\\_2020\\_-\\_revised\\_qualification\\_system\\_-\\_canoe\\_sprint\\_-\\_eng.pdf](https://www.canoeicf.com/sites/default/files/final_-_2020_05_26_-_tokyo_2020_-_revised_qualification_system_-_canoe_sprint_-_eng.pdf)

#### **And**

The procedures and criteria for nomination to the 2019 Senior World Championship Team posted on the CKC-SRD website February 2019.

<https://canoekayak.ca/wp-content/uploads/2019/02/2019-Senior-World-Criteria-Supplement-2019-Final-Feb-5-EN-3.pdf>

### **3.2 Nomination Process for 2019 Podium Crews**

Since CKC-SRD did not achieve a podium performance at the 2019 Canoe Sprint World Championships, this section does not apply.

### **3.3 Nomination process based on Athlete Quotas achieved at the *Global Qualifier - 2019 Canoe Sprint World Championships (non-podium)*.**

3.3.1 CKC-SRD earned quota spots in the following events at the 2019 Canoe Sprint World Championships:

3.3.1.1 Women's C1 200m (1 quota)

3.3.1.2 Women's K4 500m (4 quotas)

3.3.1.3 Men's K4 500m (4 quotas)

3.3.2 If the same crew wins Final 1 and Final 2 at OTT, they will be nominated to the COC for inclusion on the Tokyo 2020 Olympic Team.

3.3.3 If the crew that wins Final 1 at OTT does not win Final 2 then a race-off will be held between the winner of Final 1 and the winner of Final 2.

3.3.3.1 The winner of this race-off will be nominated to the COC for inclusion on the Tokyo 2020 Olympic Team.

## **4. NOMINATION BASED ON CONTINENTAL QUALIFICATION - *CONTINENTAL OLYMPIC QUALIFIER***

### **4.1 General**

*The Continental Olympic Qualifier* is the second opportunity for CKC-SRD to qualify athlete quota positions for the Tokyo 2020 Olympic Games. Please refer to the *Olympic Qualification System of the International Canoe Federation* which describes the procedures and criteria that Crews must achieve in order to earn a quota position for the Tokyo 2020 Olympic Games.

[https://www.canoeicf.com/sites/default/files/final - 2020 05 26 - tokyo 2020 -  
\\_revised\\_qualification\\_system\\_-\\_canoe\\_sprint\\_-\\_eng.pdf](https://www.canoeicf.com/sites/default/files/final_-_2020_05_26_-_tokyo_2020_-_revised_qualification_system_-_canoe_sprint_-_eng.pdf)

4.1.1 There are several key elements of this qualification criteria that impacts on CKC-SRD's ability to nominate athletes to compete at the *Continental Olympic Qualifier*. They are as follows:

4.1.1.1 Only K1/C1 and K2/C2 Olympic events are on the *Continental Olympic Qualifier* program.

4.1.1.2 CKC-SRD is eligible to compete in all events on the *Continental Olympic Qualifier* Program with the exception of Women C1 200m

4.1.1.3 Boats and athletes that have previously qualified or earned an athlete quota cannot compete.

4.1.1.4 The maximum number of athlete quotas a NOC can earn through the *Continental Olympic Qualifier* in the K1/C1 events is (1) for each discipline.

4.1.1.5 The maximum number of athlete quotas a NOC can earn through the *Continental Olympic Qualifier* overall per discipline is (2).

4.1.2 CKC-SRD will be guided by the following principles in making its nominations to the COC for inclusion on the Tokyo 2020 Olympic Team based on results at the *Continental Olympic Qualifier*:

4.1.2.1 The crew or crews that demonstrate the greatest potential to earn CKC-SRD athlete quotas will be nominated to compete at the *Continental Olympic Qualifier*.

4.1.2.2 CKC-SRD will accept the maximum number of quotas allocated to the CKC-SRD at the *Continental Olympic Qualifier* subject to Sections 4.1.1.2, 4.2 and 4.3 below.

- 4.1.2.3 Notwithstanding the aforementioned, CKC-SRD may return a quota or quotas where the entries for Canada do not permit the crew to start in an event at the Tokyo 2020 Olympic Games as required by the ICF Qualification System (B.4.2).
- 4.1.2.4 The final selection of boats and quotas by the CKC-SRD may require the athletes nominated to start in another distance or event at the Games as required by the ICF Qualification System.
- 4.1.2.5 CKC -SRD is limited to 2 (two) quotas per discipline at the *Continental Olympic Qualifier* regardless of the number of events CKC-SRD may win. Where the number of crews that satisfy the ICF Qualification criteria to earn the NOC athlete quotas at the *Continental Olympic Qualifier* exceeds 2 (two), CKC-SRD must make a decision between one or more crews to determine the actual nomination of athletes to the COC for inclusion on the Tokyo 2020 Olympic Team. Under these circumstances, WC#1 will be used as the *Performance Assessment* to determine nominations to the COC for inclusion on the Tokyo 2020 Olympic Team.
- 4.1.2.6 It may be that the crew(s) who win at OTT are ineligible to compete at the *Continental Olympic Qualifier* as stipulated by the ICF Qualification System (B.4.2). In such circumstances, CKC will determine the crew that will compete at the *Continental Olympic Qualifier* according to the criteria listed in Section 4.2 below.
- 4.1.2.7 It may be that athletes that race at the *Continental Olympic Qualifier* and qualify the boat will not be nominated to the COC for inclusion on the 2020 Tokyo Olympic Team. This could be due to the requirement for a *Performance Assessment* where CKC-SRD qualifies more than the maximum

of eligible quotas, or an athlete or crew is unable to be nominated as all events and athletes for the events have already been determined based on results at OTT.

4.1.2.8 Athletes who are selected to the *Continental Olympic Qualifier* but are not nominated to the COC for inclusion on the Tokyo 2020 Olympic Team will, as applicable, be nominated to:

4.1.2.8.1 2021 Senior World Cup Team

AND

4.1.2.8.2 2021 Junior World Team

OR

4.1.2.8.3 2021 Senior World Cup Team

AND

4.1.2.8.4 2021 U23 World Team

4.1.2.9 Athletes who are selected to the *Continental Olympic Qualifier* but are not nominated to the COC for inclusion on the Tokyo 2020 Olympic Team will be considered for an AAP nomination. Note: athletes nominated for AAP support will nevertheless be subject to standard progression criteria where applicable.

#### **4.2 Nomination process for crews that are not eligible to compete at the *Continental Olympic Qualifier***

4.2.1 Where a crew that is **not eligible** to compete at the *Continental Olympic Qualifier* wins Final 1 and Final 2 at OTT or where required a race-off, this crew will be conditionally nominated to the COC for inclusion on the Tokyo 2020 Olympic Team subject to the following:

- 4.2.2.1 CKC-SRD qualifying the event
- 4.2.2.2 Where CKC-SRD exceeds the max quotas, a *Performance Assessment* at WC#1 is required.
- 4.2.2.3 If a *Performance Assessment* is required, the crew or crews that demonstrate the greatest potential to reach the A Final at the Tokyo 2020 Olympic Games will be nominated. Please see section 4.4. for details
- 4.2.2.4 The **eligible crew** with the *highest position of finish* in Final 1 and Final 2 at OTT, or, where required, the winner of a race-off, will be nominated to compete at the *Continental Olympic Qualifier* to qualify the boat for CKC-SRD  
OR  
The CTO/HC and the NDC may determine at the conclusion of Final 2 or a Race-off, that another crew combined of a non-qualified athlete from the conditionally nominated crew and another non-qualified athlete will compete at the *Continental Olympic Qualifier*. In this scenario there will be an additional race-off. Included in the race-off will be the new crew and the eligible crews with the highest position of finish in Final 1 and Final 2.

**4.3 Nomination process for crews that are eligible to compete at the *Continental Olympic Qualifier***

- 4.3.1 If a crew that **is eligible** to compete at the *Continental Olympic Qualifier* wins Final 1 and Final 2 (or, where required, wins a race-off), this crew will be conditionally nominated to the COC for inclusion on the 2020 Tokyo Olympic Team subject to the following:
  - 4.3.1.1 CKC-SRD qualifying the event
  - 4.3.1.2 CKC-SRD exceeds the max quotas, a *Performance Assessment* at WC#1 is required.

4.3.1.3 If a *Performance Assessment* is required, the crew or crews that demonstrate the greatest potential to reach the A Final at the Tokyo 2020 Olympic Games will be nominated. Please see section 4.4 for details.

#### **4.4 Nomination process based on Performance Assessment at WC#1**

##### **4.4.1 Kayak Scenarios**

4.4.1.1 This scenario applies to both Men and Women Kayak. Where CKC-SRD wins the Men K1 1000 & 200 and / or Women K1 500 & 200 at the *Continental Olympic Qualifier* with different athletes but does not win Men K2 1000 or Women K2 500:

4.4.1.1.1 CKC-SRD will conduct a *Performance Assessment* to select the crew with the greatest potential to be in the A Final at the Tokyo 2020 Olympic Games.

4.4.1.1.2 The *Performance Assessment* will be based on results at WC#1.

Similarly, if the Women K1 500 and the Women K1 200 are ranked first and second on the *Performance Assessment* of results at WC#1, they will be nominated to the Olympic Team, but must also start in the K2 event at the Tokyo 2020 Olympic Games.
- 4.4.1.2.5 If the Men K2 1000 and / or the Women K2 500 crew is ranked second based on the *Performance Assessment* of results obtained at WC#1 but the K1 crew that achieves the highest position of finish at WC#1 is also a member of the Men K2 1000 and / or Women K2 500 crew, then the K1 crew and the K2 crew will be nominated to the Olympic Team;

**NOTE:** In the scenario described immediately above, if the K1 crew is not in the K2 crew, then CKC-SRD will exceed the maximum quotas for the Tokyo 2020 Olympic Games. The second quota will be allocated based on a *Performance Assessment* of results at WC#1. Involved in this assessment will be the 2<sup>nd</sup> ranked K1 athlete at OTT and a K2 crew composed of the nominated K1 athlete and an athlete to be determined by

  - 4.4.2.3.2 The *Performance Assessment* will be based on results at WC#1.
  - 4.4.2.3.3 If the C1 crew that achieves the highest position of finish is also a member of the C2 crew, then the C1 crew and the C2 crew will be nominated to the COC for inclusion on the Tokyo 2020 Olympic Team.

4.4.2.3.4 If the C1 crew is not in the C2 crew then CKC-SRD will exceed the maximum quotas.

4.4.2.3.4.1 If the C2 crew is determined to have the best overall performance at WC#1 they will be nominated to the COC for inclusion on the Tokyo 2020 Olympic Team.
